

Nickel Belt Coin Club

www.nickelbeltcoinclub.com

March 1st 2020

Special Newsletter

The future of the club will grow and become better with our new youngest members.

To assist in this growth, we will be adding a new component to our monthly meeting.

Just before the regular trading session, we will have a 10-item auction ONLY for the Junior members at the meeting. This is open to all Junior members up to 16 years of age. This will consist of single items and or sets. We will also be looking to our regular members to come up with some items for the Junior Auction, so we can keep offering them this special auction that is just for them. This auction should take less than 10 to 15 minutes.

Coin collecting for kids and adults alike, can be both fun and educational. A child can learn about history, geography, math and maybe even politics!

Your challenge for the March meeting

Invite any junior member that you know has any interest in Numismatics
